

## **Lois Cremmins**

*As an exhibiting longtime artist, I purposely chose The Educational Alliance Art School to study at because of the beautiful studio space which is unique in all of the city. I am saddened to hear that those magnificent studios, just right for the requirements of making good art, will be eliminated and others will not have a chance to create great work in that light (which I did).*

*I was scheduled for a show May 2012 at the Ernest Rubenstein Gallery*
